## End of the Semester Cleaning Agreement

In compliance with the 2009-2010 Francis Marion University Student Handbook:

“Each resident is responsible for cleaning and clearing his/her room. Communal areas must be cleaned jointly by occupants. It is advised that roommates communicate to determine each person’s responsibility prior to departure so that any cleaning and/or repair charges, if applicable, may be properly assessed.” –page 32

To minimize any future billing disputes concerning the communal spaces of your apartment, you agree to clean the area that you have discussed with your roommates, signed and submitted. Failure to sign may result in your billing, if damages are found.
