HAPPY

FINAL EXAM TIPS

1. Start studying now so you won't have to cram in December.
2. Take breaks between sessions.
3. Find a study partner who's better than you in a particular subject.
4. Relax while out on Thanksgiving break so you can return fresher than when you left.
5. Be courteous to your neighbors while they're trying to study as well...be courteous in general!

Sprinkler Heads

As a reminder, do not hang your clothes or anything else onto the sprinkler heads. This will cause excessive water and personal property damage that you may be held financially responsible for.

Health & Safety Inspections...

will be conducted Nov. 10-19 from 9A-6P. Prohibited items may lead you to disciplinary sanctions.
